

SAINT SIMONS CHRISTIAN SCHOOL
Middle School Summer Reading Assignment

Middle School Students & Parents:

We want to encourage you to read good books this summer, and we are requiring all students who are entering grades 6-8 to read one book and complete the Reading Response Form for the book. After reading the book, students should bring the completed form to school on the first day of the 2010-11 school year. Students will be graded on the assignment and the classroom teacher will include follow up activities and assignments relating to the book in class at the start of the school year.

In addition to this required assignment, we will continue to encourage students to read many more books over the summer and fill out the Summer Reading Verification Form to turn in at the start of school. This activity is not required, but students can earn non-uniform coupons depending on how many pages they read over the summer.

All summer reading information will also be available to parents and students on the school website. The summer reading books should be purchased or possibly checked out from the local library. Amazon.com is an affordable option for purchasing these paperback books. Listed below are the required book titles for each grade level. Thank you for your support and happy reading!

Rising 6th Grade: [Summer of the Monkeys](#), by Wilson Rawls

Rising 7th Grade: [Sunder](#), by William H. Armstrong

Rising 8th Grade: [The Cay](#), by Theodore Taylor
